

**April 2007
New FM Channel 280C1
Spring Creek, NV
Allocation Study**

The instant application proposes a minor modification of New FM (Facility ID #166019) from Channel 280C1 Wells NV to Channel 280C1 Spring Creek NV, with a transmitter site change.

Channel 280C1 Transmitter Site

The attached spacing study shows that the proposed transmitter site (identical to the allotment site) meets the co-channel and adjacent channel spacing requirements for Class C1 stations as prescribed in §73.207 of the Commission's Rules.
