Facility ID #141208  
Houston Christian Broadcasters, Inc.  
BNPFT-20030827AIM

Dear Applicant:

This letter refers to the above-captioned application for a new translator at Huntsville, TX.

Pursuant to 47 C.F.R. § 17.4(a), any proposed construction of a new antenna structure or proposed alteration of an existing antenna structure that requires notification to the Federal Aviation Administration (FAA) requires registration with the Commission prior to the proposed construction or alteration. Our records indicate that the proposed antenna structure has not been registered with the Commission. FCC antenna structure registration may be accomplished electronically via the internet at <http://www.fcc.gov/wtb/antenna/>.

Please note that FAA approval is necessary in order to obtain FCC antenna structure registration. Following FCC registration of the antenna structure, a curative amendment to the application, which includes the antenna structure registration number, must be submitted to the Commission so that processing of your application may be completed.

Further action on the subject application will be withheld for a period of twenty (20) days from the date of this letter to provide an opportunity to submit the requested information. If the antenna structure cannot be registered within 20 days of the date of this letter, the Audio Division (AD) must be notified in writing, concerning the delay. Failure to respond within this time period will result in the dismissal of the application for failure to prosecute pursuant to 47 C.F.R. § 73.3568(a)(1). Please note that amendments must be filed in the same manner as the original application.

Sincerely,

George H. Gwinn  
Supervisory Engineer  
Audio Division  
Media Bureau
