RE: Interference Acceptance to WWKH-CA  
Application for Digital Channel 30, FCC File No. BDISDTA-20090713ADM

Dear Mr. Bruno:

You have presented to me that the interference to WBPA-LP from your proposed facility of WWKH-CA referenced above will be "*de minimis*". Based on the information you have provided me, I agree that the interference to WBPA-LP by your application for a digital displacement channel for WWKH-CA would be acceptable. Accordingly, I do not object to a grant of your digital application request reference above.

However, in the event that the facility of WWKH-CA on digital channel 30 is found to cause more than "*de minimis*" interference to either the analog or the digital facilities of WBPA-LP; you agree to immediately take necessary actions to eliminate such interference.

Please indicate your agreement with the above by countersigning this letter in the space provided below, and returning a copy to me.

Sincerely,

ACCEPTED AND AGREED
