Re : Franklin transmitter

Dear Jeff,

Today we staked a line running from the center of the tower located at 131 Martins Ridge Road, Franklin, Maine on an azimuth of 95 (ninety-five) degrees. This is relative to True North. We set two wooden stakes with orange ribbon on the line, one near the tower and a second on the far side of the blueberry field so the person at the top of the tower can line themselves up.

I included two photographs on page 2. Please let me know if you have any questions or need anything further.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Stephen R. Salsbury', written over a horizontal line.

Stephen R. Salsbury, PLS  
President

/s
