Description of Transaction and Changes in Interests

This application and a series of three other concurrently-filed applications seek the consent of the Commission to a corporate reorganization involving the transfer of control and assignment of licenses currently held by four wholly owned subsidiaries of Mapleton Radio, LLC (“MRL”).¹ Under the proposed reorganization, existing minority investors currently holding attributable, but non-controlling, interests in MRL would obtain a 50 percent voting interest in, and thereby the ability to exercise negative control over, a new Delaware limited liability company, Mapleton Radio Holdings, LLC (“MRHL”). Control of Mapleton License of Chico, LLC, Mapleton License of San Luis Obispo, LLC, and Mapleton License of San Francisco, LLC, would be transferred from MRL, which currently controls those entities through its wholly-owned subsidiary, Mapleton Communications, LLC, to MRHL. Concurrently with the transfer of control of those licenses to MRHL, the license for KBLO(FM), Corcoran, California, which is currently held by Mapleton Communications, LLC, would be assigned from Mapleton Communications, LLC to a newly created Delaware limited liability company, Mapleton License of Visalia, LLC, control of which would then immediately be transferred to MRHL. Graphical representations of the existing and proposed structures are included on the following pages.

Currently, Mapleton Investments, LLC (“MI”) is the controlling member of MRL. MI holds 66.7% of the voting rights in MRL through its right to designate four of the six members of the Board of Managers of MRL. Corporate Partners II AIV LP (“CP II AIV”), a non-controlling member of MRL, controls 33.19% of the voting rights in MRL through its right to designate two of the six members of the Board of Managers of MRL. The third member of MRL is CP II MC Coinvestors LLC (“CP II Coinvestors”), which holds less than one percent of the voting rights and total assets of MRL.

After closing of the transactions described in this application, MRHL would have a four-member Board of Managers. MI would control 50 percent of the voting rights in MRHL through its right to designate two Members to the Board of Managers. CP II AIV would control the right to designate the other two Members to the Board of Managers and therefore also would control 50 percent of the voting rights in MRHL.² All decisions of the Board of Managers must be approved by a majority vote. The individual designees to the Board of Managers have not yet been identified.

The attributable ownership interests, and the changes as a result of this proposed transfer, are set forth on the following pages. Ownership information for MI, CP II AIV and CP II Coinvestors is set forth at Exhibit 14 to this application.

¹ The licenses involved in this proposed reorganization are those held directly by Mapleton License of Chico, LLC; Mapleton License of San Luis Obispo, LLC; Mapleton License of San Francisco, LLC; and Mapleton Communications, LLC. Additional licenses are held by other wholly owned subsidiaries of MRL which are not affected by the transactions proposed in this application.

² CP II AIV and CP II Coinvestors, which are under common ownership and control, would collectively hold the right to designate two Members to the Board of Managers. CP II AIV, by virtue of its control of more than 99% of the interest held collectively by CP II AIV and CP II Coinvestors, will effectively control the right to designate two Members to the Board of Managers.
