

ADAMS RADIO GROUP

Affidavit Certification and
Qualifications of Supervising Engineer

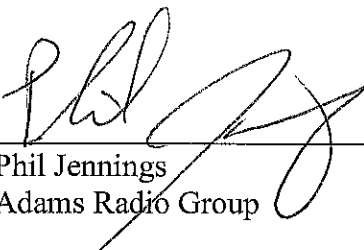

In Support of FCC Form 302-FM

WWFW – Fort Wayne, IN
Permit BPH-20140624ABV
Facility ID# 56765

On this date, October 5, 2014 the proposed facility has been constructed as permitted in the construction permit BPH-20140624ABV. I, Phil Jennings, am the Chief Engineer for Adams Radio Group. I am a Certified Broadcast Radio Engineer and Certified Broadcast Network Engineer. I have been involved and supervised many full power and translator builds, many of which were directional.

I certify that the directional antenna is constructed and installed to the exact specifications of the antenna manufacturer, SWR, and in accordance with the SWR Shop Order 14212 WWFW Proof of Performance and related installation manual. The antenna configuration and orientation are specified in the installation manual provided by SWR for this project to achieve the proposed pattern according to the FCC construction permit BPH-20140624ABV, and the antenna was installed according to said configuration and orientation. Furthermore, a professional surveyor licensed by the state of Indiana confirmed the orientation of the antenna azimuth specified by the SWR installation specifications.

I certify that the preceding is true and correct to the best of my knowledge and abilities as a Certified Broadcast Radio Engineer with Adams Radio Group. I am familiar with the FCC regulations regarding this construction permit.

Phil Jennings
