Dear Ms. Dortch,

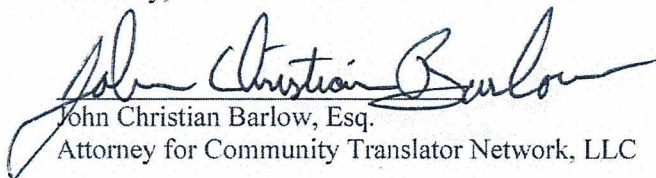

Community Translator Network, LLC ("CTN") permittee of the above referenced construction permits by its attorney, hereby requests TOLLING of the permits until the Federal Communications Commission ("FCC") proceeding regarding the permits has concluded.

The Commission recognizes that tolling is appropriate in circumstances where, for reasons beyond the control of the permittee; the grant of the permit is the subject of administrative or judicial review (i.e., petitions for reconsideration and applications for review of the grant of a construction permit pending before the Commission and any judicial appeal of any Commission action thereon), or construction is delayed by any cause of action pending before any court of competent jurisdiction relating to any necessary local, state or federal requirement for the construction or operation of the station, including any zoning or environmental requirement (47 C.F.R. § 73.3598(b)).

The permits are the subject of a Commission action filed April 15, 2014 by Powell Meredith Communications Company ("PMCC") in a Petition to Deny the Assignment Application to Community Translator Network, LLC (CTN") and a Motion for Reconsideration filed by PMCC April 21, 2014.

Wherefore, it is respectfully requested that the expiration date of Construction Permits referenced herein be TOLLED.

Sincerely,

John Christian Barlow, Esq.
Attorney for Community Translator Network, LLC
