

### Directional Antenna Installation Certification

**In compliance with FCC Regulation 73.316, section (c), paragraph (8), this is to certify that the ERI model 1182-1CP-DA directional antenna for Radio Station WGBO operating at 88.3 Mhz and licensed to Newark, NJ, has been erected according to design and installation instructions provided by Electronics Research, Incorporated (ERI) of Chandler, Indiana.**

This document is in Lieu of documentation from the licensed surveyor regarding antenna installation compliance.

Tom Silliman, of ERI traveled to New York and climbed the tower that the WGBO antenna is mounted on and personally verified that the installation of the antenna based on the blue prints provided by ERI is correct. Tom is a professional engineer has been employed by ERI for several years. He has performed and supervised numerous installations.
