OPPOSITION TO INTERFERENCE COMPLAINT

MB Capital Management, LLC ("MB Capital"), licensee of FM translator Station W295CG, Lake Bluff, Illinois, opposes the Interference Complaint filed by Polnet Communications, Ltd. ("Polnet"), licensee of FM translator station W296DA. Vernon Hills, Illinois. Polnet claims that W295CG is causing impermissible interference to W296DA. However, on April 10, 2017, Polnet filed a construction permit application to move W296DA to channel 284. Once Polnet implements these facilities, it will no longer be possible for W295CG to cause interference to W296DA.¹ Thus, MB Capital considers Polnet's Interference Complaint moot. Nevertheless, if the Audio Division staff desires for MB Capital to address the complaints of interference, please let undersigned counsel for MB Capital know.

¹ MB Capital is not admitting nor does it believe that W295CG causes any cognizable interference to W296DA. Given the existence of Polnet's application to move W296DA to channel 284, MB Capital has not verified or researched the claims made by Polnet.

Respectfully submitted,

MB CAPITAL MANAGEMENT, LLC
