Dear Tim,

This correspondence is to confirm the receipt of your July 19, 2010 letter outlining KXLY's signal increase proposal.

Having reviewed the matter with Rich Van Genderen, IdahoPTV Director of Technology, IdahoPTV will not object to the described power increase and the potential interference. We would like to reserve the right to work with you in the event that your power increase causes interference at our KCDT, Coeur d'Alene site as it relates to the reception of KUID, Moscow.

We thank you for your notification and wish KXLY the very best in its endeavors.

Yours truly,

Peter W. Morrill
General Manager
