Re: United Broadcasting Co., Inc.
KTKK(AM), Sandy, Utah
Facility ID Number: 14890
File Number: BP-20140623AAZ

Dear Mr. Perry:

This is in reference to the above-captioned applications as amended on November 24, 2014, to change the community of license of station KTKK(AM) from Sandy, Utah, to Kearns, Utah, reduce the daytime and nighttime power, and change the directional antenna radiation patterns.

A review of the amended application reveals the following deficiencies:

1. The proposed towers have not been registered. Please include the NAD 83 center of the array coordinates to the tower registration records.
2. The Form 301 specified the radiator is 66.5 meters (50.3°) while the sketch shows the radiator height of 67 meters (50.68°). This discrepancy must be eliminated.
3. The ground elevation of each tower was not provided.

Accordingly, further action on the subject application will be withheld for thirty (30) days from the date of this letter in order to provide an opportunity for United Broadcasting Co., Inc. to file a curative amendment. The amendment must be submitted in the same manner as the original application. Failure to respond or file an amendment within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

Son Nguyen
Supervisory Engineer
