### Educational Purposes

Harvest Baptist Church is a nonprofit organization that has been a member of its community for over three years. As a viable member of the community, Harvest Baptist Church has both knowledge of and an interest in the cultural, moral, social, and religious issues faced by its community. Certainly one of the main objectives as a church has been to educate children, teens, and adults alike on these issues and how to live meaningful and productive lives in the face of life's challenges through practical Christian living. It is this same focus on the education and betterment of the people of its community that Harvest Baptist Church intends to bring to its radio broadcasts.

Harvest Baptist Church will provide a noncommercial broadcast service for the purpose of advancing its educational objectives which include the following:

- 1) To provide educational and religious instruction, including the analysis of Biblical scriptures and the moral teachings found in the Bible.
- 2) To provide the opportunity for and to promote informative discussion and debate in areas pertaining to contemporary social and religious issues, as well as citizenship and its responsibilities, and family life enhancement.
- 3) To provide local news, sports, weather, and community announcements.
- 4) To present solutions to such community issues as teen pregnancy, drug and alcohol abuse, moral decay, education, and marital and family relationships.

In order to advance these and other educational purposes, Harvest Baptist Church intends to broadcast programming including news and current events, drama, documentaries, instructional programs and religious oriented programs in a well-balanced format to help administer to the broad spectrum of spiritual, intellectual, and physical needs of the listening audience.
