

ENGINEER'S CERTIFICATE

I, D. Richard Parker, hereby certify the following:

- 1) I am employed by Vermont Public Radio as Director of Engineering
- 2) I have been employed by Vermont Public Radio for more than 15 years
- 3) I have worked as a broadcast engineer and consulting engineer for over 25 years. In 1991 I successfully completed the requirements for (CBRE) Certified Broadcast Radio Engineer from the Society of Broadcast Engineers (SBE). In addition to my duties I have completed coursework related to Electrical Engineering Technology, Network Technology, and Transmitter Maintenance, led seminars, classes, and written a number of technical articles in the field. In the course of my work, I have participated in or overseen the installation of numerous FM transmission facilities.
- 4) On location I verified the mechanical integrity of the installation of the directional antenna system specified in the licensee's construction permit, BPED-20070821AAA, and, working directly with the surveyor and the tower rigging crew at the site, supervised the orientation of the antenna to ensure that it was at the proper azimuth and elevation as specified in the underlying construction permit.
- 5) The antenna system specified was installed pursuant to the manufacturer's instructions.

I declare under penalty of perjury that the foregoing is true and correct based upon my personal knowledge.

D. Richard Parker, August 21, 2012
