In re: W299CF, Fayetteville, WV
BPFT-20161027ABK
Facility ID No. 158550

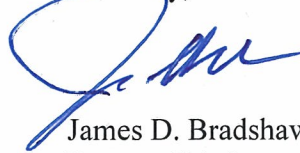

Dear Applicant:

This letter refers to the above-captioned translator application for W299CF, Fayetteville, WV.

Our study of the application reveals that it is in violation of Section 74.1201(g) of the Commission's Rules. Section 74.1201(g) states that the coverage contour of an FM translator rebroadcasting an AM radio broadcast station as its primary station must be contained within the lesser of the 2 mV/m daytime contour of the AM station and a 25-mile (40 km) radius centered at the AM transmitter site. The proposed coverage contour (60 dBμ) of the translator is not contained within the lesser of the 2 mV/m daytime contour of WRRL(AM), and a 25-mile (40 km) radius centered at WRRL's transmitter site. Therefore, the application will be dismissed.

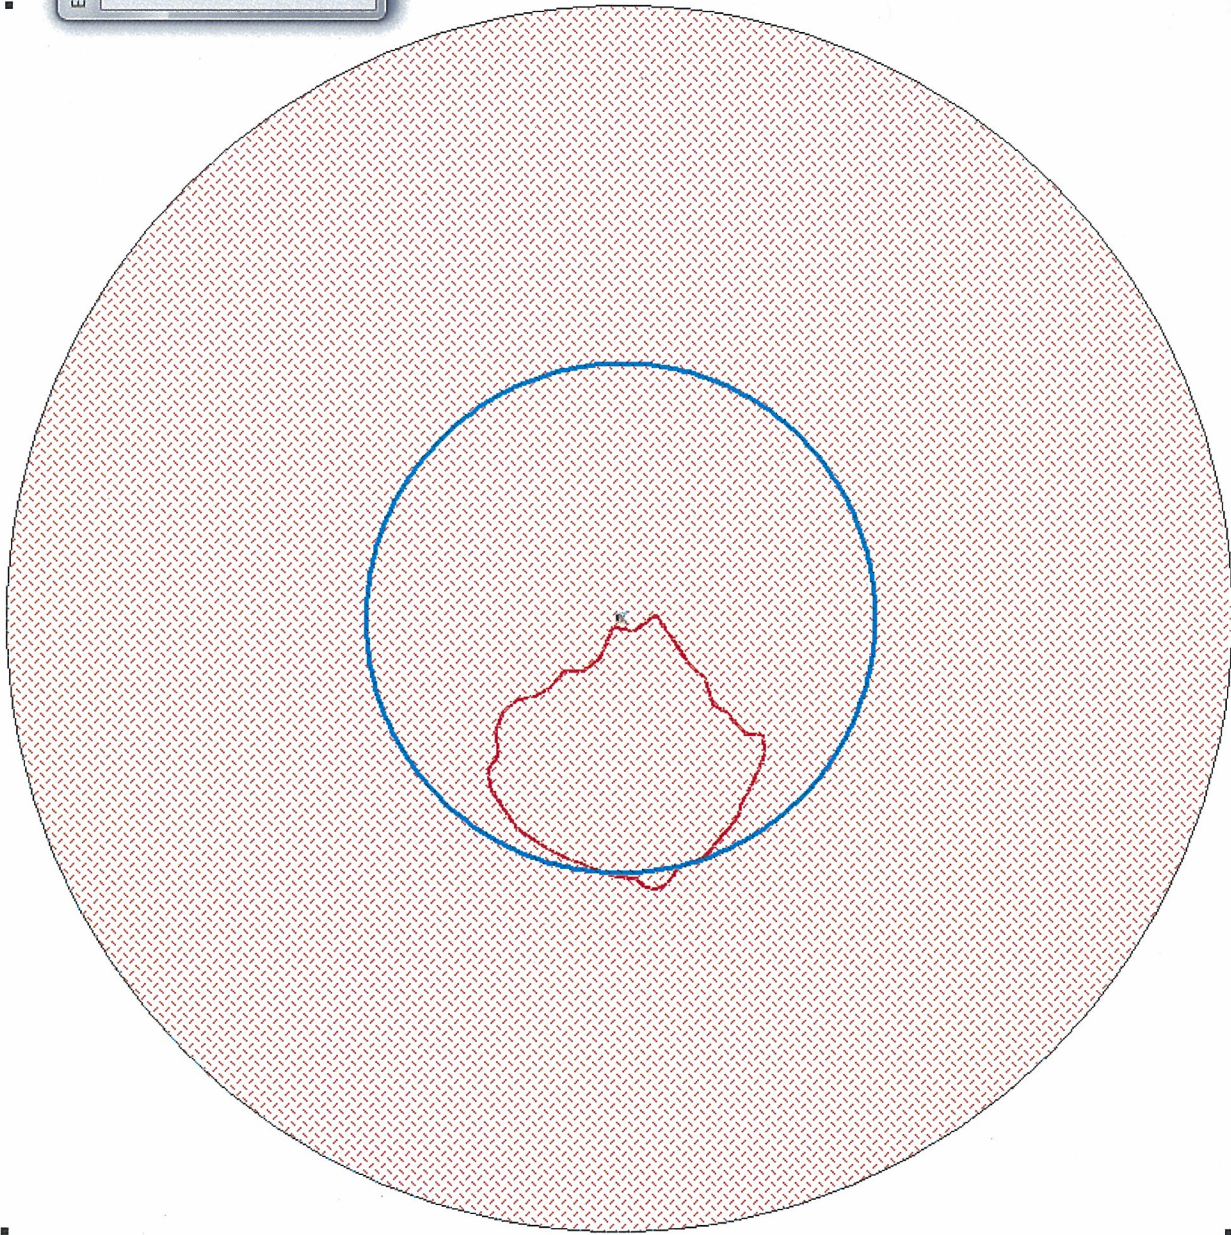

In light of the above, the application BPFT-20161027ABK filed by Zack Media, LLC, is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
Audio Division
Media Bureau
