Via MB Docket No. 05-139 (*Report and Order, In re Amendment of Section 73.202(b), Americus and Emporia, Kansas*, Released, July 7, 2006), the allocation for KANS(FM), Emporia, Kansas, was changed from Channel 241A to Channel 244A, and the licensee, C&C Consulting, Inc., was instructed to submit a Form 301 application to specify operation on the new channel within 90 days. However, seven years have passed, and no application has been filed by C&C, nor its assignee, Kansas Radio, Inc. Kansas Radio operates KANS to this day on Channel 241A. Great Plains Christian Radio, Inc. is, therefore, working under the assumption that the aforesaid Channel 244 allocation at Emporia is no longer valid or operative, or, in any case, that it should not preclude the construction and initial operation of the applicant's proposed translator at Emporia.
