

Exhibit 32

Community of License Change – Section 307(b)

By this application, Williams Communications, Inc. (“Williams”), licensee of WHMA-FM, Hobson City, Alabama, proposes to change the channel and community of license for WHMA-FM from Channel 238A, Hobson City, Alabama, to Channel 237A at Alexandria, Alabama. As a result, WHMA-FM will provide first local service for Alexandria, Alabama, and meanwhile, AM station WHOG(AM) will continue to serve Hobson City.

1. Technical Compliance

The proposed assignment complies with the Commission’s technical requirements. As indicated in the attached channel study in the Engineering Statement, Exhibit 31, Figure 3, Channel 237A can be allotted to Alexandria, Alabama in compliance with the Commission’s spacing rules. Furthermore, a 70 dBu signal can be provided to Alexandria from the proposed reference site.¹

2. Change in Community of License

In Amendment of the Commission’s Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License (“Community of License”), 4 FCC Rcd 4870 (1989), recon. granted in part, 5 FCC Rcd 7094 (1990), the Commission stated that in order to grant a change in community of license, (1) the proposed use of the channel must be mutually exclusive with its current use; (2) the existing community of license must retain local service; and (3) the proposed arrangement of allotments must be preferred over the existing arrangement under the Commission’s allotment priorities. In

¹ See Exhibit 31, Figure 2.

reviewing a proposal to change a station's community of license, the Commission compares the proposed allotment plan and the existing state of allotments for the communities involved.² To determine whether a proposal would result in a preferential arrangement of allotments, the Commission is guided by the FM allotment priorities.³ The FM priorities are: (1) first full-time aural service; (2) second full-time aural service; (3) first local service; and (4) other public interest matters. Co-equal weight is given to priorities (2) and (3).⁴

Here, the attached channel study, Exhibit 31, Figure 3, demonstrates that the proposed allotment of Channel 237A at Alexandria is mutually exclusive with the current allotment of Channel 238A at Hobson City. Hobson City will not be deprived of its only local service because AM Station WHOG(AM) will continue to serve Hobson City.⁵ Moreover, this proposal will not create any white or gray areas. Thus, the proper comparison is between the provision of a first local service at Alexandria (pop. 3,692) under priority (3) and the provision of a second service to Hobson City (pop. 878) under priority (4). From the proposed reference points, the allotment of 237A at Alexandria will result in a net gain in 60 dBu service to approximately 61,000 people.⁶ Using actual

³ *Id.*

⁴ *Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88 (1982).

⁵ The Commission considers AM daytime-only stations to be local aural transmission service under the FM Allotment priorities. *See Grants, Milan and Shiprock, New Mexico*, 16 FCC Rcd 20323 (2001).

⁶ *See* Exhibit 31, Figure 7.

facilities, the proposal will result in a net loss of service to only 2,491 people, but everyone residing in the loss area will continue to receive at least five aural services.⁷

Alexandria qualifies as a community for allotment purposes and merits a first local aural service preference. The Commission defines communities as “geographically identifiable population groupings”⁸ and considers whether the social, economic, and cultural organizations located in the community identify themselves with the community.⁹ In addition, the Commission has a long-standing policy of presuming community status “if the proposed community is either incorporated or listed in the U.S. Census.”¹⁰ As discussed in greater detail below, Alexandria has all the indicia of a community for FM allotment purposes.

Alexandria is located within Calhoun County, Alabama. The U.S. Census Bureau lists Alexandria as a Census Designated Place in the 2000 Census with a population of 3,692.¹¹ As a Census Designated Place, Alexandria deserves the Commission’s presumption of community status.¹²

Alexandria has its own unique zip code, 36250, and the U.S. Postal Service operates an office at 6582 US Highway 431 in Alexandria.¹³ Alexandria Elementary School and Alexandria High School serve the educational needs of Alexandria's population. The enrollment at Alexandria High School exceeds 1000 students, and Alexandria Elementary School currently educates more than 700 children.¹⁴ The Alexandria Fire Department is located at 2222 Alexandria Wellington Rd. and includes 22 volunteer firefighters.¹⁵

Alexandria is home to a variety of businesses and commercial establishments. The U.S. Census Bureau reports that there are more than 90 businesses in Alexandria.¹⁶ Many of the local businesses identify with the community by using "Alexandria" in their name, such as Alexandria Body Shop; Alexandria Florist; Alexandria Foodland; Alexandria Mini Storage, Inc.; Alexandria Mobile Home & RV Supply; Alexandria Muffler & Brake Service, Inc.; and Alexandria Supply.¹⁷ Alexandria includes several

restaurants, including Ron's BBQ, Li's Place, and Jack's Family Restaurant.¹⁸ Several banks have Alexandria branches, including the Cheaha Bank and Colonial Bank.¹⁹

Alexandria has many religious and community organizations as well. Local churches include the Alexandria Baptist Church, Alexandria United Methodist Church, Mount Zion Baptist Church, Holiness Temple of Alexandria, and the Alexandria Valley Church of God.²⁰ For recreation, Alexandria has its own Athletic Field House.²¹ Non-profit community organizations include Alexandria Youth Activities, Free & Accepted Masons of Alabama, and the Gold Wing Road Riders Association, among others.²² Alexandria also includes several medical care providers, such as the Alexandria Medical Clinic and the Family Health Center.²³

A *Huntington/Tuck* analysis for Alexandria is unnecessary. According to the census bureau, portions of Alexandria and Hobson City are located within the Anniston

Urbanized Area.²⁴ The Commission generally will conduct a *Huntington/Tuck* analysis when a proposed community is located within an urbanized area.²⁵ The Commission does not require a *Huntington/Tuck* analysis, however, where the proponent proposes to move from one community within an urbanized area to another community within the same urbanized area.²⁶

As noted, WHMA proposes to change its community of license from Hobson City to Alexandria, both of which are within the Anniston Urbanized Area. Thus, “the station is not ‘moving into’ an urbanized area, but is already serving the area,”²⁷ and therefore a *Huntington/Tuck* analysis is not required.

3. Conclusion

Grant of this application will serve the public interest because it will provide first local service at Alexandria, Alabama, which is a community that has been long deserving of its own local service. Meanwhile, Hobson City, Alabama will retain local service. Williams is confident that the changes can be implemented smoothly with a minimum of disruption.

²⁴ The Commission treats communities partially located in an urbanized area as if the community was wholly located within the urbanized area.
