**RE:** Beck Road, Town of Ellery  
Chautauqua County, NY, tax parcel 15-1-16.2  
Tower Location: 42° 10' 33" North latitude, 79° 19' 02" West longitude  
(Tower location obtained from placard on the tower control building)

Dear Mr. Evans:

On December 21, 2009 Mr. Tony Evans notified us that the antenna installation had been completed and that the antenna's true orientation of 150° had to be verified. I personally visited the site on February 1, 2010 and met with Donald J. Boye of Western Tower Service to adjust the antenna if need be. I measured the direction of the antenna from the ground using conventional surveying methods, and after some minor adjustments were made by the tower climber, I can certify that the antenna is oriented at a true azimuth of 150°.

Sincerely,

*Daniel L. Barry*

Daniel L. Barry
