Re: R&M Broadcasting Co. (R&M)
KJCB (AM), Lafayette, Louisiana
Facility Identification Number: 54341
STA Extension Request (STA)
BESTA-20121030AAR

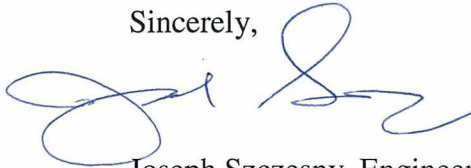

Dear Ms. Chargois:

This is in reference to the request filed October 30, 2012. R&M requests extension of the last STA granted on May 16, 2012, to operate Station KJCB with temporary facilities.¹ In support of the request, R&M states that it continues to search for a new transmitter site.

The Commission's Fees Section has advised the Audio Division that unpaid fee related bills for KJCB(AM) have caused the station to be placed in a "Red Light" hold status. This means that no authorizations of any type – including STA extensions - can be issued until after R&M resolves all "Red Light" matters. For assistance, please contact Mr. Roland Helvajian of the Fees section via e-mail (roland.helvajian@fcc.gov) or phone (202-418-0444).

We will hold this STA extension request in abeyance for a period of thirty (30) days to allow time to resolve this fee matter. Failure to do so will result in the dismissal of this extension request and cancellation of the original STA.

Sincerely,

Joseph Szczesny, Engineer
Audio Division
Media Bureau

cc: Michael Patton, Owner

¹ KJCB is licensed for operation on 770 kHz with 1 kilowatt daytime and 0.5 kilowatt nighttime, employing a directional antenna during nighttime hours only (DA-N-U).
