Section 1

Question 5, Application Purpose:

As selected in the on-line form 346, the purpose of this application is to request displacement from channel 51 to channel 28. With the impending implementation of wireless data transmission on channels 52 through 59 in the K51HY-D coverage area, State of Idaho was advised by the consulting firm Cohen, Dippell and Everist, that moving to a lower available channel would be necessary to continue providing primary public television service from KUID-TV(Moscow, Idaho) to the Lewiston Idaho area without potential interference. We note that a similar displacement relief application filed last summer by Caribou County TV Association on behalf of translator station K51HM-D (File # BDISDTT-20130729ABY) was recently granted on October 17<sup>th</sup>, 2013.
