

APPLICATION FOR STATION LICENSE
FAMILY WORSHIP CENTER CHURCH, INC.
K216FD FM TRANSLATOR
CH 216D - 91.1 MHZ - 0.04 KW
COLUMBUS, TEXAS
May 2016

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Family Worship Center Church, Inc. ("Family Worship Center Church"), licensee of FM translator K216FD, Channel 216D, Columbus, Texas. Family Worship Center Church has a construction permit to make minor changes in the K216FD (BPFT-20150430ABF). This instant application seeks a license to cover the outstanding permit. Exhibit A is a calculation of the transmitter power output for K216FD.

There are two special operating conditions/restrictions listed on the permit. The first condition states:

"The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radio frequency electromagnetic fields in excess of FCC guidelines."

Family Worship Center Church states that it will reduce the K216FD power or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines.

The second condition states:

"Prior to commencing program test operations, FM Translator or FM Booster permittee must have on file at the Commission, FCC Form 350, Application for an FM Translator or FM Booster Station License, pursuant to 47 C.F.R. Section 74.14."

This instant application satisfies that condition. Based on the foregoing, it is believed that Family Worship Center Church has complied with all conditions and can operate K216FD in accordance with Commission's rules.
