

AMERICAN FAMILY ASSOCIATION

Educational Purpose Statement

Based on Christ's commission to his followers, "Go...make *disciples...teaching* them to observe all that I commanded you," *education* is integral to the purposes of American Family Association ("American Family"). The concept of discipleship involves equipping and training an individual to think and act in a manner consistent with a given set of values and principles. Discipleship means training people to see their situations from a Biblical perspective and training them to exercise initiative in or respond to the situations that confront them in a manner consistent with that worldview. American Family educational purpose involves teaching that imparts knowledge of the content of Scripture, a systematic understanding of how the teachings of Scripture relate to life, and an awareness of personal, family, community, national and world issues.

American Family intends to carry out its education program through non-commercial educational radio broadcasts that address the interests and concerns of the entire community from a Biblical perspective.
