

ASSET PURCHASE AGREEMENT

This Agreement is entered into this 26th day of January, 2007, by and between Copeland Broadcasting Corporation ("Seller"), an Oklahoma corporation, and Las Americas Supermercado, Inc. ("Buyer"), a Oklahoma corporation.

WHEREAS, the Seller owns and operates Low Power Television Station KOPE-LP, Tulsa, Oklahoma (the "Station"), pursuant to a license ("License") issued by the Federal Communications Commission (the "FCC"); and

WHEREAS, the Seller desires to sell, assign, transfer, convey and deliver to the Buyer the License, the transmitter site lease, and certain personal property used by Seller in the operation of the Station ("Assets"), on the terms and subject to the conditions of this Agreement and subject to prior consent of the FCC; and

WHEREAS, the Buyer wishes to acquire from the Seller the License and Assets, pursuant to and in accordance with the terms and conditions of this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants, agreements and representations and warranties set forth herein, the parties agree as follows:

1. Purchase and Sale of License and Assets. Seller hereby agrees to sell, assign, transfer, convey and deliver to the Buyer, and Buyer hereby agrees to purchase, accept and take from the Seller at the Closing (as defined below), good and marketable title, free and clear from all liens, liabilities and encumbrances, to the License and Assets. The License and Assets include the following):

1.1 License and Other Authorizations. The License bears FCC File No. BLTTL-20020910ABH, renewed by File No. BRTTL-20060131AEH, and expires on June 1, 2014. Seller will also assign to Seller any other governmental authorizations it may hold relating to operation of the Station. A true and correct copy of the License is attached hereto as Exhibit A.

1.2 Personal Property. The transmitter, antenna, transmission line and associated couplings used by the Station, together with the satellite earth station receiver and antenna used by the Station, but only that equipment listed in Exhibit B hereto.

1.3 Leases and Contracts. Seller's lease for tower space for the Station's antenna and building space for the Station's transmitter ("Tower Lease"), a true and correct copy of which has been provided to Buyer. Seller will cooperate with Buyer in obtaining the landlord's consent to assignment of the Tower Lease. Any fee charged by the landlord for the assignment will be paid by Buyer.

2. Excluded Assets. The Seller will retain ownership of the following assets (the "Excluded Assets"), which are expressly excluded from the Assets to be acquired by Buyer:

2.1 Cash. All cash, cash equivalents or similar type investments of the Seller such as certificates of deposits, Treasury bills and other marketable securities on hand or in banks.

2.2 Accounts Receivable. All accounts receivable owed to the Seller as of the Closing;

2.3 Programming and Advertising Agreements. Seller, and not Buyer, will be responsible for fulfilling any obligations under any contract for programming or advertising on the Station. However, should Buyer wish to assume Seller's programming contract with The Jewelry Channel, Seller will cooperate with Buyer in seeking the consent of the Jewelry Channel to such assignment, provided that Seller is thereafter relieved from all obligations under said contract.

2.4 Call Letters. Seller will not convey any right it may have to the call letters "KOPE-LP". Buyer agrees to apply to the FCC change such call letters to a combination not including "KOPE" or any confusingly similar combination, effective no later than ten (10) days after the Closing.

2.5 Other Assets. Seller will retain all of its assets and liabilities for which sale and assignment are not provide for in Section 1 hereof. Buyer will not be responsible for any debt or obligation of Seller except as provided in this Agreement.

3. Purchase Price. As consideration for the transfer of the License and Assets, and upon the terms and subject to the conditions set forth in this Agreement, the Buyer agrees to pay to the Seller an aggregate purchase price of Two Hundred Eighty-Five Thousand Dollars (\$285,000.00) (the "Purchase Price"), to be paid as follows:

3.1 Deposit. Buyer has delivered to Seller the sum of Twenty-Eight Thousand Five Hundred Dollars (\$28,500.00), to be held by Seller as a deposit against the Purchase Price (the "Deposit").

3.2 Remaining Balance. The remaining balance of the Purchase Price (\$256,500.00), as adjusted pursuant to Section 4.3 below, will be paid by the Buyer to the Seller on the Closing Date by wire transfer of immediately available funds to the account(s) of the Seller designated by the Seller or by cashier's check.

3.3 Reimbursement of Expenses. In addition to the Purchase Price, Buyer will reimburse Seller for Seller's actual out-of-pocket legal fees and related costs and charges incurred in preparing this Agreement and prosecuting the Assignment Application (as defined below). Buyer will not be required to expend more than Five Thousand Dollars (\$5,000.00) in the aggregate for reimbursement of Seller's legal expenses, the filing fee for the Assignment Application, and any fee for the landlord's consent to assignment of the Tower Lease.

3.4 Taxes. Any transfer or sales taxes on the transactions contemplated herein will be paid by Buyer.

4. Closing.

4.1 Closing Date. The date of closing of the transactions contemplated by this Agreement (the "Closing") will take place at such time and place mutually agreed upon in writing by the parties after the FCC's grant of the Assignment Application (as defined below), provided, however, that Closing will in no event be held prior to March 7, 2007, or later than ten (10) business days after the effective date of FCC approval of the Assignment Application.

4.2 Documents at Closing. At the Closing, Buyer will deliver the Purchase Price to Seller; and the parties will execute (a) a Bill of Sale for the Assets, (b) an assignment of the License and any other governmental authorizations for the Station to Buyer, (c) an assignment of the Tower Lease to Buyer, and (d) any other documents reasonably necessary to effectuate the purposes of this Agreement.

4.2 Allocation of Purchase Price. At the Closing, Buyer and Seller agree to allocate the Purchase Price among the License and Assets in a reasonable manner and to file their tax returns consistent with such allocation.

4.3 Prorations. At the Closing, and as of 12:01 a.m. on the date of Closing, the transmitter site lease payments, utility costs, and annual FCC regulatory fee for the Station will be prorated between Buyer and Seller. The party owing funds as a result of such prorations will make payment to the other at the Closing.

5. FCC Consent. The assignment of the License contemplated by this Agreement is subject to the FCC having granted its consent to such assignment. No later than five (5) business days after the execution of this Agreement, Buyer and Seller will file an application with the FCC for assignment of the License by Buyer to Seller (the "Assignment Application"). Seller and Buyer will each prosecute the Assignment Application with all reasonable diligence and otherwise use their reasonable best effort to obtain the grant of the Assignment Application as expeditiously as practicable. If the grant of the Assignment Application imposes any condition on any party hereto, such party will use reasonable efforts to comply with such condition; provided, however, that neither party will be required hereunder to comply with any condition that would have a material adverse effect on it as determined by the party adversely affected in the exercise of its reasonable judgment. However, neither party will be required to participate in any trial-type hearing or judicial review proceeding.

6. Representations Warranties and Covenants of the Seller. The Seller hereby represents, warrants, and covenants to the Buyer as follows:

All material reports, forms and statements required to be filed by the Seller with the FCC with respect to the Station have been filed and are substantially complete and accurate. To Seller's knowledge, there are no facts which would disqualify the Seller as assignor of the Licenses under the Communications Act of 1934, as amended, or the rules and regulations of the FCC. There are no pending, or to the Seller's knowledge threatened, proceedings which could result in the revocation modification or non-renewal of the License. The License is in good standing and in full force and effect. The License is the only governmental license or permit required for the Station to transmit on Channel 51 at the location, power, and antenna height specified on the face of the License.

6.6.1. Seller has and at the Closing will deliver to the Buyer good and marketable title to all of the Assets, free and clear of any liens, security interests, charges, claims and encumbrances of any nature whatsoever.

6.6.2. Apart from title, which will be free and clear at the Closing, the Assets will be conveyed to Buyer "as is, where is," without warranty of any kind apart from the fact that the transmitter is currently operating.

6.7 Contracts. The Tower Lease is in full force and effect, and Seller is not in material default or breach thereof.

6.8 Personnel. Seller has no obligation to any employee that will extend beyond the Closing. Buyer will not be obligated to hire any employee of Seller will have no obligation of any kind to any employee of Seller. Seller has no employee benefit plan that will impose any obligation on Buyer. Seller is not party to any contract or agreement with any labor organization, union, or other collective bargaining unit.

6.9 Consents. Except for the consent of the FCC and the landlord under the Tower Lease, no consent or approval of any third party or governmental body is or will be required for the consummation by the Seller of the transactions contemplated by this Agreement.

6.10 Legal Proceedings. There are no suits, actions, condemnation actions, claims, administrative, arbitral or other proceedings or governmental investigations pending or threatened against or affecting the Station, the License, or any of the Assets; nor is the Seller subject to any writ, judgment, award, decree or order of any court or governmental authority that would affect the License or Assets or impair Seller's ability to close the transactions contemplated hereby.

6.11 Environmental Matters. Seller knows of no hazardous substances in, on or under the Station's tower site that are in a condition or location that violates any applicable laws or that has required or would require remediation under applicable laws or give rise to a claim for damages or compensation by an affected person.

6.12 Broker. No broker or finder is entitled to any commission or fee relating to the transactions contemplated by this Agreement.

7. Representations, Warranties and Covenants of the Buyer. The Buyer hereby represents, warrants and covenants to the Seller as follows:

7.1 Status. The Buyer is a corporation duly organized, validly existing and in good standing under the laws of the state named in the preamble to this Agreement. The Buyer has all requisite power and authority to hold the License, to own the Assets, and to operate the Station. Buyer has the financial resources necessary to consummate the transactions contemplated by this Agreement.

7.2 Authorization of Agreement. Purchase of the Assets, License, and Station from Seller have been, duly and validly authorized by all necessary action of the Buyer.

7.3 Binding Agreement. This Agreement and the transactions contemplated hereby constitute valid and binding obligations of Buyer and are enforceable against the Buyer in accordance with their respective terms.

7.4 Consents. There is no consent or approval of any third party or governmental body (other than the FCC) required for the consummation by the Buyer of the transactions contemplated by this Agreement.

7.5 Qualification. There are no facts which, under the Communications Act of 1934, as amended, or the existing rules and regulations of the FCC, would disqualify the Buyer as an assignee of the License or require a rule waiver for Buyer to become the Licensee of the Station.

7.6 Broker. No broker or finder is entitled to any commission or fee relating to the transactions contemplated by this Agreement.

8. Covenants of the Seller. The Seller covenants and agrees with the Buyer that between the date of this Agreement and the date of Closing:

8.1 Remaining on the Air. Seller will keep the Station on the air and will continue to operate the Station in the normal course consistent with past practices and FCC rules and regulations, unless otherwise agreed to by Buyer.

8.2 No Sale to Others. Seller will not sell or transfer the License or any of the Assets to any person or entity other than Buyer.

8.3 No New Contracts. Seller will not enter into new, renewed, or extended advertising, programming or other contract, lease, or agreement affecting the Station that cannot be terminated at the Closing with no liability or expense on the part of Buyer.

8.4 Access to Station. Upon reasonable request and prior notice, Seller will give Buyer and Buyer's representatives reasonable access during normal business hours to the Station's transmitting plant, for the purpose of inspecting to verify that the transmitter is operating and to familiarize themselves with the facility in advance of assuming responsibility for its operation.

8.5 Adverse Developments. Seller will promptly inform Buyer if it becomes aware of any information or event that could delay or prevent the Closing. In addition, Seller will inform Buyer of any changes in circumstances that could cause any of the Seller's representations and warranties under this Agreement to be inaccurate or incomplete.

9. Covenants of the Buyer. The Buyer covenants and agrees with the Seller that between the date of this Agreement and the date of Closing, Buyer will promptly inform Seller if it becomes aware of any information or event that could delay or prevent the Closing. In addition, the Buyer will inform Seller of any changes in circumstances that could cause any of Buyer's representations and warranties under this Agreement to be inaccurate or incomplete.

10. Maintenance of Confidences. Until after the Closing, Buyer agrees to keep confidential all information it receives or has received during the course of the negotiations in connection with the transactions contemplated herein or relating to the business operations of Seller, provided that the Buyer may disclose such information to its professional advisors, agents and any financial institution with which it may be dealing in connection with the proposed financing of the transactions contemplated herein, or as required by law. In the event that the transaction contemplated hereby is not consummated for any reason, Buyer will promptly return to Seller all materials acquired by Buyer from Seller with respect to the Station and the Assets.

11. No Control of Station. Prior to the Closing, Buyer will not, directly or indirectly, control, supervise or direct the operations of the Station; and such control, supervision and direction will remain and shall be the sole responsibility of Seller. After the Closing, Seller will not, directly or indirectly, control, supervise or direct the operations of the Station; and such control, supervision and direction shall be the sole responsibility of Buyer.

12. Conditions Precedent to Closing.

12.1 FCC Consent. Neither party will be obligated to close unless (a) the FCC has given its consent to the assignment of the License to Buyer with no condition materially adverse to a party declining to close; (b) such consent is valid and in full force and effect; and (c) no proceeding is pending that seeks, or the effect of which reasonably could be, to revoke, cancel, fail to renew, suspend, or adversely modify the License.

12.2 Buyer's Separate Conditions. Buyer will not be required to close unless the License is in full force and effect and has not been adversely modified after the date of this Agreement; and the Station's transmitter and antenna are in working order and have not been

destroyed or damaged by fire, theft, or other casualty. In addition, Buyer will not be required to close if it is unable (a) to assume the Tower Lease, (b) to enter into a new lease on substantially similar terms or such other terms as are reasonably acceptable to Buyer, or (c) to occupy the premises as a subtenant of Seller.

12.3 Seller's Separate Conditions. Seller will not be required to close unless Buyer pays the full amount of the Purchase Price and, unless Seller agrees otherwise, Seller is relieved of all obligations under the Tower Lease.

13. Termination.

13.1 Termination by Either Party. Without prejudice to other rights and remedies available to it, either party hereto may, at its option, as long as such party is not itself in breach of this Agreement, terminate this Agreement at any time prior to the Closing by giving notice thereof to the other party:

13.1.1 if the Closing has not occurred for any reason within three hundred sixty-five (365) days following the date on which the Assignment Application is submitted to the FCC; or

13.1.2 if a *bona fide* legal action or proceeding is pending or seriously threatened against such party as of the date of such notice of termination, and an unfavorable judgment, decree or order in such action or proceeding would prevent or make unlawful the consummation of the transactions contemplated by this Agreement; or

13.1.3 if FCC denies the Assignment Application or designates the Assignment application for a trial-type hearing; or

13.1.4 if the other party is in material breach of its obligations under this Agreement and fails to cure such breach in all material respects within thirty (30) days after notice of the breach is given by the party wishing to terminate; or

13.1.4 by mutual written consent of both parties.

13.2 Termination by Buyer. In addition to termination rights pursuant to Section 13.1 hereof, Buyer may terminate this Agreement, if it is not then in material breach of its obligations hereunder, under the conditions specified in Section 15.3.

13.3 Effect of Termination. Termination of this Agreement pursuant to this Section 13 will not relieve either party of any liability for breach of this Agreement prior to the date of termination. Upon termination, either party may exercise any and all rights and remedies available to it under applicable law or in equity.

14. Indemnification.

14.1 Indemnification of the Buyer. The Seller will indemnify, defend and hold the Buyer, its officers, directors, shareholders, affiliates, successors, and assigns harmless from

and against any claim, liability, loss, damage, judgment or expense (including reasonable attorneys' fees) of any kind or nature arising out of or attributable to: (a) any material inaccuracy in any representation or material breach or material failure of any warranty, covenant or agreement of the Seller contained herein, or (b) any material failure by the Seller to perform any of its obligations hereunder, and (c) any event, condition or occurrence occurring or related to operation of the Station prior to the date of Closing.

14.2 Indemnification of the Seller. The Buyer will indemnify, defend and hold the Seller, its officers, directors, shareholders, directors, affiliates, successors, and assigns harmless from and against any claim, liability, loss, damage, judgment or expense (including without limitation reasonable attorney's fees) of any kind or nature arising out of, or attributable to (a) any material inaccuracy in any representation or material breach or material failure of any warranty, covenant or agreement of the Buyer contained herein, (b) any material failure by the Buyer to perform any of its obligations hereunder, and (c) any event, condition or occurrence occurring or related to operation of the Station on or after the date of Closing.

15. Miscellaneous Provisions.

15.1 Survival of Representations, Warranties, and Covenants. The representations, warranties and covenants of the Buyer and the Seller contained in this Agreement will survive and be enforceable for one (1) year after the date of Closing.

15.2 Fees and Expenses. Except as expressly set forth in this Agreement, Seller and Buyer will each bear its own expenses in connection with the negotiation and the consummation of the transactions contemplated by this Agreement. Any claims for fees or commissions for the services of any broker or finder with this transaction will be the sole responsibility of the party whose actions gave rise to the claim.

15.3 Risk of Loss. The risk of loss or damage to the License any of the Assets prior to the date of Closing will be upon the Seller and on and after the date of Closing will be upon the Buyer. If material assets are lost, destroyed, or damaged prior to Closing, Seller will not be obligated to repair, replace, or restore such Assets; but if Seller fails to do so, Buyer may elect either to terminate this Agreement or to consummate on Closing Date. If the Seller fails to repair, replace, or restore the Assets and Buyer elects to close, Seller will assign to the Buyer at Closing its rights under any insurance policy it may have or pay over to the Buyer all proceeds of insurance recovered as a result of the damage or loss. If Seller elects to repair, replace, or restore the Assets but has not completed doing so by the time the Closing would otherwise be held, then unless the Seller and the Buyer otherwise agree, the Closing Date will be delayed and will take place within ten (10) business days after the Seller has given written notice to the Buyer that the Assets are ready for delivery. If the delay in the Closing Date under this Section 15.3 would cause the Closing to fall at any time after the period permitted by the FCC, the Seller and the Buyer will file an appropriate request with the FCC for an extension of time within which to complete the Closing.

16. Further Assurances. After the Closing, Seller will from time to time, at the request of the Buyer but without further cost or expense to Seller, execute and deliver additional instruments of conveyance and transfer and take such other actions as may be reasonably

requested in order to more effectively consummate the transactions contemplated hereby to vest in the Buyer good and marketable title to and possession of the Assets.

17. Entire Agreement. This Agreement and the exhibits hereto embody the entire agreement and understanding of the parties hereto and supersede any and all prior agreements, arrangements and understandings relating to the matters provided for herein. No amendment, waiver or compliance with any provision or condition hereof or consent pursuant to this Agreement will be effective unless evidenced by an instrument in writing signed by the party against whom enforcement.

18. Headings. The headings set forth in this Agreement are for convenience only and will not control or affect the meaning or construction of the provisions of this Agreement.

19. Notices. Any notice, demand or request required or permitted to be given under the provisions of this Agreement must be in writing and will be deemed to have been duly delivered and received (a) on the date of personal delivery, or (b) on the date of receipt, if mailed by registered or certified mail, postage prepaid and return receipt requested, to the following addresses, or to such other address as any party may request by notice the other party:

20. Governing Law. The construction and performance of this Agreement will be governed by the laws of the State of Oklahoma, applicable to agreements made and to be performed in the State of Oklahoma, without regard to its principles of conflicts of law.

21. Section 73.1150 Statement. The Seller and the Buyer hereby agree that after Closing, Seller has retained no right of reversion of the License, no right to the reassignment of the License in the future, and no right to use the facilities of the Station in the future for any reason whatsoever.

22. Benefit and Binding Effect. The Seller may not assign this Agreement without the prior written consent of the Buyer.
