

Compliance with International Agreement

The facility contemplated herein is located approximately 108 km from the common border between the United States and Canada. The proposed 34dbu interfering contours can be seen in Exhibit 23-A. As can be seen in Exhibit 23-A, the interfering contour generated by the proposed facility (34dBu F(50,10)) extends beyond the US-Canadian border but does not fall over Canadian Soil.

Therefore, the proposed facility will not cause interference to any existing or proposed Canadian facilities and complies with the US-Canadian Working Agreement.

Exhibit 23-A
34dbu Contour - International Compliance
