

TETRA TECH MPS

CERTIFICATION

This is a certification that Michael J. Rossow, P.S., a Michigan Licensed Surveyor (License No. 24615) performed a field survey on 11-29-2004 in Sanilac County, MI. The survey was performed for Ross Bible Church, Station WNFR Sandusky, MI. The survey consisted of a Lieca System 500, GPS Relative positioning techniques, RTK method observation to determine true north.

Upon recovery of these previously established base line azimuth control points on __ 11-29-2004, we aligned a Dielectric, model DCRH4ERD, also known as WNFR-FM antenna. The orientation of the antenna is 320 degrees true north.

Therefore, Michael J. Rossow, P.S. certifies that the WNFR-FM antenna aligned on 11-29-2004 is in proper alignment as specified.
