To whom it may concern,

B&H Tower Service, LLC installed one Shively 6513-7DA antenna at a COR of 282' on a guyed tower located at 2096 Haw Run Road, Jacksonville, NC. The antenna was directed at an azimuth of 131 degrees and installed per directions accompanying the antenna from Shively. Azimuth was verified by a surveyor before the B&H Tower Service crew left the job site. Call letters for this station are: WJKA-FM. The coordinates are: 34 38 52.8 / 77 37 27.2.

B&H Tower Service was started in 1994 and has completed hundreds of jobs across the United States for various companies (reference sheet enclosed). We have experience in numerous types of antenna installations including directional and omni-directional FM antennas, pcs, cellular, microwave, television, and two way radio antennas.

The crew leader on the job @ Jacksonville, NC was myself, Mark Black, President of B&H Tower Service, LLC.

Sincerely,

Mark Black
