Re: Southern Wabash Communications
of Middle Tennessee, Inc. (SWC)
WNSR(AM), Brentwood, TN
Facility Identification Number: 41062
Special Temporary Authority (STA)
BESTA-20230222AAA

Dear Mr. Bell:

This is in reference to the request filed on February 22, 2023. SWC requests a further extension of the STA granted on September 16, 2011, to operate ND daytime using the licensed nighttime site tower to allow time to file the required FCC Form 302 application.¹ In support of the request, SWC stated that it plans to file the application to cover BP-20211129AAA as soon as possible after completing all remaining modifications.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the extension of the STA IS HEREBY GRANTED, and SWC may continue to operate ND daytime using the licensed nighttime site WNSR/WENO tower with a maximum

¹ WNSR is licensed to operate on 560 kHz using a 4.5 kW DA daytime site pattern, and a 0.075 kW ND nighttime site pattern, and BP-20211129AAA authorizes a 1 kW daytime ND facility using the nighttime site tower.

of 1.0 kW as authorized by BP-20211129AAA (with no change to the licensed nighttime ND operation). SWC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310.

This authority expires on **September 5, 2023**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with a large loop for the letter 'J' and a long, sweeping line for the 'y'.
