Re: John A. Franklin & Commonwealth Stations

Dear Hossein:

Attached is a signed order from a Delaware state court judge that shows that John Franklin does not now and never has had a majority ownership interest in or the ability to control the corporate actions of any of the Commonwealth entities. Based on this judgment, we respectfully request that the following licenses and permits which were cancelled as a result of a communication from Mr. Franklin that he did not have authority to make, be reinstated:

W14DK-D, Dagsboro, DE, fac id. 182696 (permit for new station – BNPDTL-20090825BMN);

New channel 12, Dagsboro, DE, fac id 183118 (application for new station BNPDVL-20090901AAI – dismissed because deficiency letter from FCC was received by Franklin and never responded to. Commonwealth will amend as requested within 30 days of reinstatement);

WLWP-LP, Millsboro, DE, fac id 49973 (licensed facility on analog Channel 4);

WBLP-LP, Ocean City, MD, fac id 49972 (licensed facility on analog Channel 22);

WEWE-LP, Sussex County, DE, fac id 49974 (licensed facility on analog Channel 24); and

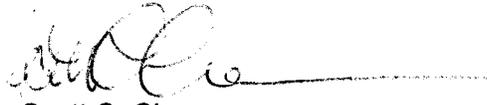

W18BN, Scranton, PA, fac id 12564 (licensed facility on analog Channel 18 which requires only dismissal of a pending assignment application filed without authority by Mr. Franklin).

There is one additional facility in Pennsylvania that will be addressed under separate cover.

For the licensed facilities, Commonwealth is working on assembling documentation to demonstrate that the stations have been operational and at no time were they off the air for more than 365 consecutive days. That will be submitted as it is gathered for each station. For the construction permits for new stations, we are hopefully they can be reinstated immediately and the necessary amendment will be filed within 30 days for Channel 12 in Dagsboro, DE (fac id183118).

Please contact me if you have any questions.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Scott C. Cinnamon", with a long horizontal line extending to the right.
