TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Oklahoma Community Television, LLC ("OCT"), permittee of digital low power/companion television translator K45JZ-D, Channel 45, Elk City, Oklahoma. OCT holds an outstanding permit for K45JZ-D (BMPD TT-20091221ADA), authorizing a reduction in power and a change in the antenna system to be used. This instant application seeks a license to cover the outstanding permit for K45JZ-D. Attached as Exhibit A is a calculation of the transmitter output power for the K45JZ-D transmitter.

There are no special operating conditions or restriction on the K45JZ-D construction permit. However, OCT will, in cooperation with other tower users, reduce the power of K45JZ-D or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines. Based on the foregoing, it is believed K45JZ-D is operating pursuant to the Commission's rules.
