Dear Mr. Lipp:

This letter is in reference to the above-captioned minor change application filed by SHU to change the city of license, power, and antenna system due to loss of the licensed site.

A preliminary review of the application reveals that a vertical tower sketch and a computer model study of the proposed antenna are not included. The information is needed for the FCC's Office of Engineering and Technology to review before further action can be taken on the application.

Further action on the subject application will be withheld for a period of thirty (30) days from the date of this letter in order to allow time to amend. Failure to respond or amend within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the Commission's rules.

Sincerely,

Son Nguyen
