**Re: KQBR(FM), Lubbock, TX, Facility No. 60800  
Operation from Licensed Auxiliary Antenna Facility**

Dear Ms. Dortch:

Townsquare Media Lubbock License, LLC, the licensee of FM broadcast station KQBR, by its attorneys, hereby notifies the Commission that KQBR is operating from the auxiliary antenna facilities specified in BXLH-20121011ABX.

On September 14, 2012, Townsquare requested special temporary authority for KQBR to operate from temporary facilities due to a transmission line burn (File No. BSTA-20120914AEJ). Subsequently, Townsquare applied for and obtained a license for the auxiliary antenna facilities from which the station was operating (BXLH-20121011ABX).

The requested STA was granted and expired on December 18, 2012. While repairing KQBR's primary licensed facilities, the licensee had a stress test performed, which revealed that the tower is overstressed. The licensee is soliciting bids for tower reinforcement, and KQBR continues to operate from the facilities specified in BXLH-20121011ABX. Townsquare will notify the Commission when KQBR is able to resume operations from its primary licensed facilities.

Please contact Howard Liberman of this firm at 202-842-8876 or me with any questions.

Sincerely,

Alisa R. Lahey
