TECHNICAL STATEMENT

This Technical Statement and attached exhibits were prepared on behalf of Elite Broadcasting Company (EBC), licensee of KSBH, Channel 235C3, Coushatta, Louisiana. EBC herein proposes to make minor changes in the facilities of KSBH by relocating the facility, increasing the antenna height above average terrain and increasing the power of the station. As part of this request, EBC is proposing to upgrade KSBH pursuant to the Commission's upgrade by application process.

EBC is proposing a new tower for KSBH. Therefore, the Federal Aviation Administration has been apprised of this proposal and issued a Determination of No Hazard. The proposed structure has been registered with the FCC and assigned ASR #1054988.

All exhibits called for on FCC Form 301, Section III-B, are attached. All other data use to certify the information on the technical portion of Form 301 has been forwarded to the applicant and is available to the Commission upon request.
