[FCC site map](#)

Sun Apr 14 21:35:30 2013

EXCLUDES second-adjacent channel spacings  
EXCLUDES intermediate frequency (I.F.) spacings

Input options:

Latitude, Longitude: 41° 27' 16", 74 25' 6"

Google Map: [5.6 km radius \(approximate 60 dBu service contour coverage\)](#)

**FAIL.** The requested latitude and longitude do not meet the LPFM spacing requirements on ANY channel.

The channel(s) shown are blocked by the station(s) below.  
The column Rules contains the required spacing, in kilometers.  
Try the suggested location (latitude,longitude), at the approximate offset (km; heading N, S, E, or W) from your proposed location.

LPFM

- Show List of Stations Considered

**Special search options:**

*Second adjacent channels:* An LPFM application must satisfy minimum distance separation requirements to stations operating on and applications proposing operations on second-adjacent channels. The *Local Community Radio Act* authorizes the Commission to waive the second-adjacent channel protection requirement and the Commission has under consideration proposed waiver standards.

- Consider
  - Don't consider
- Second-adjacent channel spacings*

*Intermediate Frequency (I.F.) channels:* An LPFM application must satisfy minimum distance separation requirements to stations operating on and applications proposing operations on intermediate frequency (IF) channels. The Commission has under consideration a proposal to eliminate this requirement for LPFM applications proposing operations at less than 100 watts effective radiated power.

- Consider
  - Don't consider
- I.F. channel spacings*
