Facility Identification Number: 73945  
File Number: BP-20070119AGM

Dear Mr. Pippin:

This is in reference the above-captioned application as amended to change the WRHC(AM) principal community of license from Coral Gables, Florida, to Doral, Florida, and to your letter of August 26, 2014, providing the Environmental Protection Act Certification status.

Further review of the amended application indicates that the certification for compliance of the Environmental Protection Act has not been completed. In the August 26, 2014, letter you state that "on December 10, 2012, the Miami Dade County Department of Environmental Resources Management ("DERM") issued a Class IV permit. Having now satisfied the local environmental authorities, WRHC continues to pursue concurrent federal (U.S. Army Corps of Engineers, U.S. Fish and Wildlife Service) and state (Florida Department of Environmental Protection, Florida Fish and Wildlife Conservation Commission) approval regarding environmental impacts."

We note that the delay of the certification has already taken several years because local environmental and other approvals have not been obtained. Accordingly, WRHC(AM) is afforded a final opportunity of one hundred and eighty (180) days from the date of this letter to amend the application to certify compliance with the Environmental Act. Failure to amend within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

Son Nguyen
