

## EXHIBIT 4

### **Notification of Reduced Power Operation and Request for Special Temporary Authorization**

NCE Station KNWY(FM), Yakima, WA (Facility ID 71031)

Pursuant to Sections 73.1560(d) and 73.1635 of the FCC's Rules, Washington State University ("WSU"), licensee of noncommercial educational radio Station KNWY(FM), Yakima, Washington, notifies the FCC of the temporary reduced power operation of KNWY due to equipment problems and respectfully requests Special Temporary Authorization ("STA") to maintain the reduced power status for a period of six (6) months.

Station KNWY has been operating at reduced power (79% of authorized power levels) since November 12, 2019 due to equipment failures beyond its control. WSU is currently exploring the issue but estimates that it will require more than thirty (30) days to resolve the problems and restore full power operation. A grant of reduced power STA will therefore serve the public interest by allowing the licensee to maintain, without interruption, the station's current noncommercial educational radio operation and programming for its local community while it works towards correcting the equipment problems.

WSU is a governmental entity, and station KNWY is a noncommercial educational station. WSU and KNWY are therefore exempt from FCC fee requirements pursuant to Sections 1.1116 and 1.1162 of the Commission's Rules.
