**Adopt a Sea Turtle  
for Your Valentine**

Our new building, due for completion at the end of 2006.

The Loggerhead Marineline Center is a 501(c)3-sea turtle rehabilitation & education campus located on the ocean in Palm Beach County, Florida USA. The campus houses an exhibit, live sea turtles and other coastal creatures. Exhibits include a giant Leatherback sea turtle, salt water aquaria and displays of local wildlife, as well as educational displays about south Florida's marine environment.

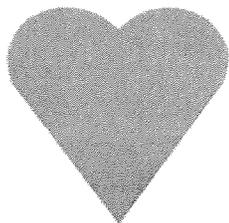

Donate Now

The nature center includes a marine-oriented gift and book shop, featuring an excellent selection of children's educational books and unique gift and craft items. Park amenities include a guarded beach, nature trails, picnic pavilions.

The Loggerhead Marineline Center campus began construction in the Spring of 2005!

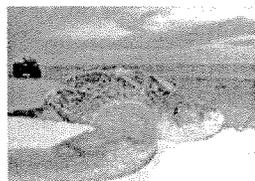

Put your name on our Hatching Wall. Or help us by supporting ongoing rehabilitation work. See the support page to become a member or to adopt a turtle.

Valentine's Gift:  
Adopt A Turtle

Help Us Hatch!

Track April

### Our Mission

*To promote conservation of Florida's coastal ecosystem through education, research and rehabilitation, with a special focus on threatened and endangered sea turtles.*

**We appreciate the support of our major donors!**

**Support Sea Turtle Conservation**

## Public Safety

We are very proud of our police department and are always looking for good men and women with the professional ability required to excel. In order to continue to make Juno Beach that special place everyone can enjoy, the Department focuses on Community and Problem Oriented Policing. This is an outstanding opportunity to work

in a tranquil ocean side community where someone can truly make a difference. If you are one of those people, please contact the Department and become part of the great team! The Juno Beach Police Department offers some of the best benefits in Palm Beach and Martin Counties.

Please feel free to visit your police department and get to know the men and women that protect your community.

H. C. Clark II, Chief of Police

### Mission Statement

The mission of the Palm Beach Marine Institute is to reduce juvenile delinquency by working in partnerships with the Department of Juvenile Justice, the local school board, community agencies and organizations. This mission will be achieved through delivery of services to youth and families that focus on public safety, accountability and competency.

### Opportunities

There are currently no opportunities for this organization.

### Description

The Palm Beach Marine Institute, Inc. (PBMI) is a private, non-profit 501(c)(3) organization dedicated to assisting youthful offenders who range from ages 14-18 in becoming functioning members of society. Established in November 1982, PBMI is located at Bert Winters Park in Juno Beach. PBMI operates 7 days a week. PBMI is one of over 40 programs affiliated with the Associated Marine Institutes (AMI) which is located in Tampa, Florida. AMI serves as the institutes' executive and administrative headquarters. Students attend PBMI from all over Palm Beach County and the surrounding areas. The students are referred by the Florida Department of Juvenile Justice (DJJ) due to juvenile law violations. PBMI is also part of the Palm Beach County School System. PBMI's philosophy is to encourage lifestyle changes by providing students with positive role models in a caring environment. Our Community Services Department strives to

maintain frequent contact with the family. Our students are encouraged to work within their family settings to establish sound living habits. Staff members are committed to sharing their knowledge and values with PBMI's students and their families. Students at PBMI participate in the Day Treatment Program. Students attend school daily from 10:00 am to 4:30 pm Monday through Friday. PBMI also offers a Student And Family Enhancement (SAFE) component. This program is designed for students who are transitioning back into their local communities from residential settings. SAFE staff work with the students to place them in an educational or employment environment. By providing a support system for youth in the transition stage, we feel that the program gives them a fair opportunity to succeed in a new environment. One of our primary goals is to improve core academic skills such as reading comprehension, mathematics, and language. The youth at PBMI participate in an additional curriculum of marine biology and earth sciences, SCUBA diving, life skills, and vocational education. Each youth's skills are evaluated and a needs assessment is developed to build on strengths and improve on weaknesses. When appropriate, students are referred for preparation for the GED test. Along with academic and vocational skills building, appropriate positive behavior is encouraged and rewarded. Youths earn points for course completions and accomplishments, attendance, participation, conduct, attitude and leadership. These points are used to "bid" on special trips, items, and activities. PBMI believes it is important for the youngsters to realize that "good work precedes reward" and that they are responsible for their own actions. PBMI measures success in three ways: \* increased academic skills \* increased vocational skills \* reduced or eliminated recidivism Sound business management combined with imaginative, effective programs form the foundation of PBMI's success. Through this approach, PBMI will reach its primary goal of developing misguided youth into contributing members of society.
