Federal Communications Commission
Office of the Secretary

STATEMENT FOR THE RECORD

WNQM, Inc. and CPT & T Radio Station, Inc., by its attorney, hereby submits this statement for the record in connection with the above referenced applications for construction permits and the "Informal Objection" filed against them, among others, by Common Frequency, Inc., Prometheus Radio Project, and Center for Media Action, on May 16, 2018 .

Although there is no deadline for responses to informal objections, out of an abundance of caution, the undersigned, on behalf of the above named parties, hereby requests an extension of time to and including June 15, 2018, to respond to the Informal Objection.

This extension of time is necessitated by the fact that the above named parties usual attorney, David Tillotson, left on May 17 for France and will not return until the first week of June.

Since the Informal Objection appears to have been filed *pro-se*, the undersigned attempted to reach the filers of the Informal Objection at the telephone number listed at the end of the Informal Objection in order to determine if the filer would object or not to this Statement. The call was answered by an automated system on behalf of Prometheus Radio Project, and when the undersigned selected the option for general information, he was sent to a voicemail greeting for "Will" whose voicemail box is not accepting messages.

Respectfully submitted,

Stephen T. Lovelady, Esq.
