

12/5/05

Federal Communications Commission,

This is to certify that on 7/21/05 I witnessed the assembly and installation of the new ERI directional antenna for WURK 101.7 FM.

The installation was accomplished in full conformance with the drawings, specifications, and instructions from the manufacturer.

The above statement is true and correct to the best of my knowledge and belief.

Thank you,

*Sean Mattingly*
