

MULTIPLE OWNERSHIP STUDY  
FCC FORM 301  
MINOR MODIFICATION OF CONSTRUCTION PERMIT APPLICATION  
KMLD CASPER, WYOMING, CH. 233C0  
MOUNT RUSHMORE BROADCASTING, INC.  
JUNE 2018

The following minor change application for KMLD(FM) Casper, Wyoming, facility ID 11927, was studied for compliance with 73.3555 of the Commission rules concerning multiple ownership of stations.

The Licensee, Mount Rushmore Broadcasting, Inc., has an ownership interest in the following stations:

- 1) KASS(FM) Casper, WY, facility ID 43477
- 2) KQLT(FM) Casper, WY, facility ID 47878
- 3) KHOC(FM) Casper, WY, facility ID 15925
- 4) KMLD(FM) Casper, WY, facility ID 11927
- 5) KVOC(AM) Casper, WY, facility ID 35861
- 6) KZMX-FM Hot Springs, SD, facility ID 46712
- 7) KZMX(AM) Hot Springs, SD, facility ID 46713
- 8) KFCR(AM) Custer, SD, facility ID 43913
- 9) KIQZ(FM) Rawlins, WY, facility ID 96737
- 10) KRAL(AM) Rawlins, WY, facility ID 56736

The new proposed facilities of KMLD(FM) will overlap with three other FM stations, KASS, KQLT, and KHOC under common ownership. It will overlap with one AM station under common ownership, KVOC(AM). KMLD(FM) currently overlaps with these 4 other stations under common ownership and is currently in compliance with 73.3555 as demonstrated in previous filings. Since KMLD is slightly reducing its 70 dB $\mu$  coverage contour (see figure 1), no new overlaps will be created, thus it will remain in compliance with the Multiple Ownership Rules under 73.3555. All 5 of these stations are located in the Casper, WY radio market.
