Re: Modification of Translator W233CW for New Life Broadcasting, Inc.  
Application File No. BMPFT-20190227AAR

Dear Stephen Crissey,

Thank you very much for your PRCZ approval request sent to us in accordance with the Puerto Rico Coordination zone agreements. We have considered the technical aspects of your application for a Proposed Modification of Translator W233CW at Hatillo/Arecibo, PR. and find that the same is unlikely to cause harmful interference to the passive use of the Radio Astronomy bands at the Arecibo Observatory:.

We therefore have no objections to your proposed installation.

Sincerely yours,

---

Angel M. Vázquez  
Spectrum Manager
