

### Identification of Stations to Be Divested

This amendment identifies the radio stations that CBS Radio and Entercom propose to assign to either third parties or a divestiture trust prior to or at the Merger in order to comply with the FCC's local radio ownership rule. In the applications as originally filed with the FCC, the parties noted that to comply with the Commission's local radio ownership rule, Entercom would need to divest 14 stations in seven markets, as follows:

<u>Market</u>	<u>Required Divestitures</u>
Boston, MA	2 FM stations
Los Angeles, CA	1 FM station
Sacramento, CA	3 FM stations
San Diego, CA	1 FM station
San Francisco, CA	4 FM stations
Seattle-Tacoma, WA	2 FM stations
Wilkes Barre-Scranton, PA	1 FM station

In order to satisfy the divestiture requirement, CBS Radio and Entercom proposed to make the Required Divestitures to a divestiture trust. In the applications as originally filed, however, CBS Radio and Entercom, sought consent to assign to the divestiture trust more than the required number of stations in order to retain the flexibility to select the exact stations to be placed in trust during the period between the filing of the applications and the closing. CBS Radio and Entercom noted, as did the FCC in its Public Notice of the applications, that the divestiture trust would not be allowed to hold all of the stations identified in the original applications. CBS Radio and Entercom therefore committed, and the FCC required, an amendment setting forth the parties' final, rule-compliant divestiture plan.<sup>1</sup>

Accordingly, the parties amend their pending applications to specify that the stations listed below will be sold to third parties or assigned to the divestiture trust:

The stations listed above include the 14 Required Divestitures, as well as certain other stations that CBS Radio and Entercom have proposed to divest to obtain clearance for the Merger from the Antitrust Division of the Department of Justice under the Hart-Scott-Rodino Antitrust Improvements Act. CBS Radio and Entercom request consent to the assignment of the above-listed stations to The Entercom Divestiture Trust. The number of stations that will be held by the divestiture trust in each market complies with the FCC's local radio ownership rule. The parties are simultaneously amending the Divestiture Trust Applications to remove any station not listed above.

Three of the stations identified above – KSWD, Los Angeles, CA; KSOQ-FM, Escondido, CA; and WGGI, Benton, PA – are the subject of pending applications seeking consent to the sale to Educational Media Foundation ("EMF"). *See* FCC File Nos. BALH-20170926AFA, BALH-20170926AFF, and BALH-20170926AFG. The parties nevertheless request consent to have these three stations placed in the divestiture trust in the event that the sale to EMF has not been approved or has not closed by the date of the Merger. In that event, the stations will be assigned to the divestiture trust subject to the agreement with EMF, and the divestiture trustee will seek consent to assign them to EMF.

markets as discussed above, a waiver of the radio-television cross-ownership rule in Boston and Sacramento is no longer needed.
