

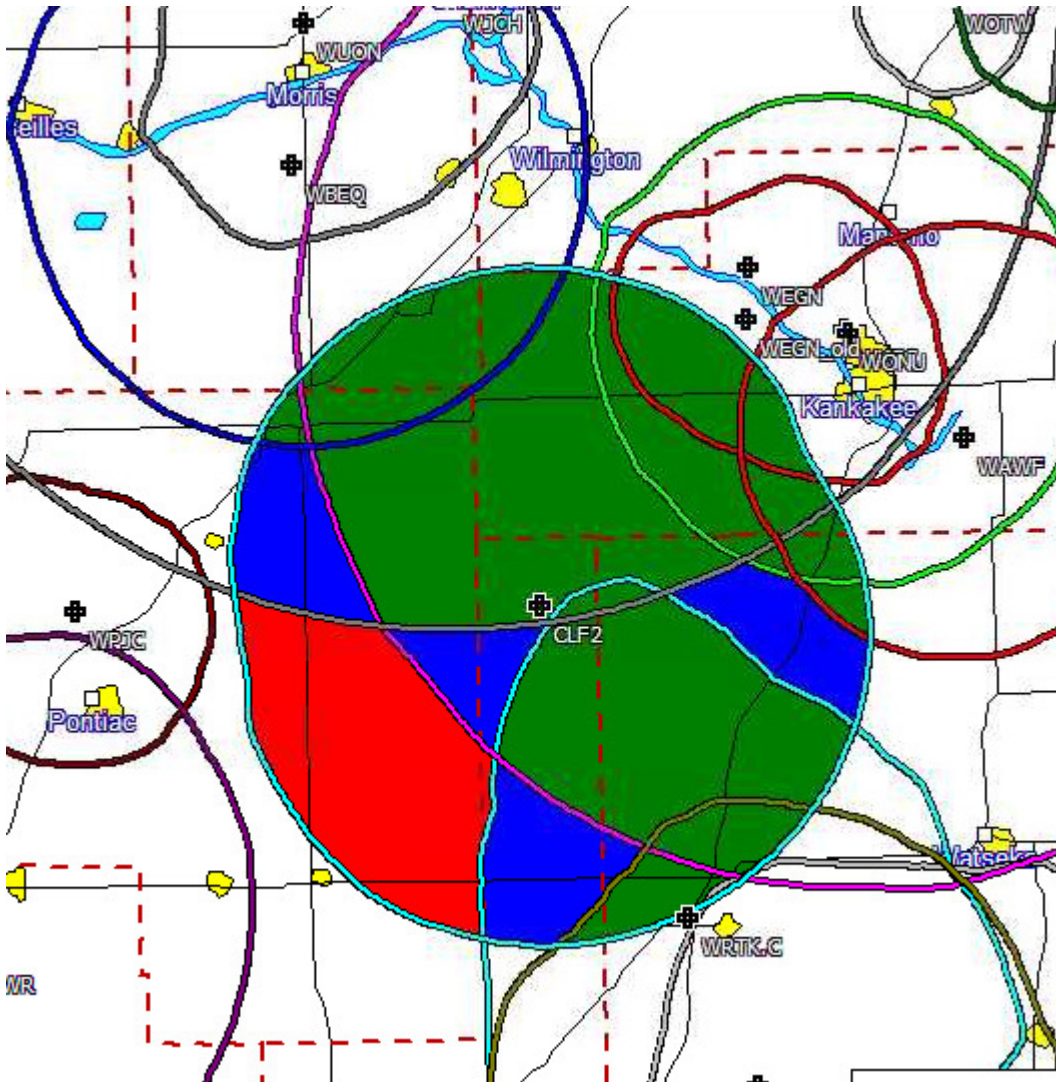

**EXHIBIT 13**  
**FAIR DISTRIBUTION SHOWING FOR CLIFTON, ILLINOIS PROPOSED**

For the Clifton, IL NCE allotment, the applicant needed to demonstrate minimum first, second, or first plus second coverage threshold has been met to merely qualify for applying for the reserved channel. The following two exhibits demonstrate that 307(b) has been adhered to (A) pertaining NCE 60 dBu coverage as at the time of filing in February 2010 if this facility was originally proposed at this location, and (B) pertaining to the current NCE 60 dBu coverages within the vicinity as of June 2012.
