

ENGINEERING REPORT COVERING  
MULTIPLE OWNERSHIP STUDY  
ON BEHALF OF NASSAU BROADCASTING, II L.L.C.  
FOR STATION WWYY(FM) 107.1 MEGAHERTZ  
BELVIDERE, NEW JERSEY

DECEMBER 2002

ENGINEERING REPORT COVERING  
MULTIPLE OWNERSHIP STUDY  
ON BEHALF OF NASSAU BROADCASTING II, L.L.C.  
FOR STATION WWYY(FM) 107.1 MEGAHERTZ  
BELVIDERE, NEW JERSEY

STATEMENT

This engineering report is submitted on behalf of Nassau Broadcasting II, L.L.C. (“Nassau”) in support of a request by Nassau for assignment of radio station licenses from Big City Radio-NY, L.L.C. (“Big City”) to Nassau. Although Nassau is the proposed assignee of four stations from Big City, only the assignment of WWYY(FM) Belvidere, New Jersey to Nassau requires the submission of a multiple ownership study.

Nassau currently is the licensee of stations WODE-FM and WEEX(AM) Easton, Pennsylvania and stations WVPO(AM) and WSBG(FM) Stroudsburg, Pennsylvania. Nassau is also the licensee of AM station WILT Mount Pocono, Pennsylvania. The city grade service areas of WODE-FM, WEEX, WVPO, WSBG and WILT overlap the city grade service area of WWYY. The purpose of this report is to document that the same entity (directly or through affiliates) can own and/or operate all six stations and that a minimum of nine additional city grade services overlap the city grade service areas of the six Nassau stations in the market. The contours and procedures utilized to define city grade service in this report are identical to those employed by the Commission. For AM facilities, the required field strength is 5 mV/m and for FM stations, 3.16 mV/m.

A study was conducted by the undersigned which revealed that more than nine additional qualifying services existed in the market. In an abundance of caution, ten qualifying stations are included in a mapping of the study results which is located in the rear section of this report. Nassau owned or operated stations are identified with an asterisk. The stations identified on the map are:

- 1) WWYY 107.1 mhz 1.2 kw 219 m Belvidere, NJ\*
- 2) WSBG 93.5 mhz 0.55 kw 233 m Stroudsburg, PA\*
- 3) WODE-FM 99.9 mhz 50 kw 137 m Easton, PA\*
- 4) WHCY 106.3 mhz 0.43 kw 262 m Blirstown, NJ
- 5) WKRF 107.9 mhz 0.84 kw 267 m Tobyhanna, PA
- 6) WLEV 100.7 mhz 11 kw 327 m Allentown, PA
- 7) WCTO 96.1 mhz 50.0 kw 152 m Easton, PA
- 8) WAEB-FM 104.1 mhz 50 kw 152 m Allentown, PA
- 9) WZZO 95.1 mhz 30 kw DA 192 m Bethlehem, PA
- 10) WVPO 840 khz 0.25 kw Stroudsburg, PA\*
- 11) WEEX 1230 khz 0.84 kw DA Easton, PA\*
- 12) WILT 960 khz 1 kw DA Mount Pocono, PA\*
- 13) WAEB 790 khz 3.6 kw DA Allentown, PA
- 14) WKAP 1470 khz 5 kw Allentown, PA
- 15) WEST 1400 khz 1 kw Easton, PA
- 16) WTKZ 1320 khz 0.75 kw Allentown, PA

CONCLUSION

Nassau's acquisition of WWYY(FM) would comply with the Commission's multiple ownership rules as they pertain to number of stations in a market.

DECLARATION

The foregoing was prepared by or under the immediate supervision of Charles A. Hecht of Charles A. Hecht & Associates, Inc., Pittstown, New Jersey, whose qualifications are a matter of record with the Federal Communications Commission. All statements herein are true and correct of his own knowledge except such statements made on information and belief, and as to those statements, he believes them to be true and correct under the penalty of perjury.

Respectfully submitted,
