Dear Mr. Blair:

As permittee of W20DG-D, Facility ID 181387, FCC File Number BNPDTL-20090825AVL in Fort Wayne, IN, we understand that you are planning to employ a "full service" mask filter on the output of your proposed NEW applications for channel 19, Facility ID 183994, FCC File Number BNPDTL-20091228AAW, and channel 21, Facility ID 182992, FCC File number BNPDTL-20091228AAU, both in Fort Wayne, IN to reduce incoming adjacent channel interference to our above - identified facility to a level below the FCC *de minimus* level specified in §74.793(h) as shown by the "official" FCC Longley-Rice interference study.

With that understanding, we agree to your specifying this means of ameliorating interference to our facility in these applications and do not object to their filing.

Accordingly, you may use this letter as an attached exhibit to your amendment filing as specified above.

Sincerely,

EICB-TV East, LLC.
