Note: 20030317JTM, Reno and 20030312ADB, Carson City are not grantable as applied for. K291BJ, Reno, Sparks violates the minimum spacing rules and must be displaced. K292EP, Incline Village and 20030317JSX, Carson have no required minimum spacing (co-channel to FM Booster). 20030317JSU, Carson and 20030317BTH, Carson City are fully spaced to this FM booster proposal. See map attachment for more detail.
