In re: Low Power Television Application of:
Oregon Trail Broadcasting Company
Channel 13, Rexburg, ID.
File no.: BPDVL-20111207ABF
Facility Id No.: 1259

Dear Applicant:

Within 30 days from the date of this letter, file an amendment to resolve the deficiency that was discovered during the initial review of your application. Amendments must be filed electronically. Failure to amend your application will result in the dismissal of the application.

Specifically, the overall tower height above ground level as filed in the above referenced construction permit is 37 meters. The antenna registration search using the ASRN number as filed in the construction permit of 1205978 shows the overall tower height above ground level as 25.9 meters. You are proposing an 11.1 meter tower height increase which will require notification and re-registration with the FAA.

Sincerely

Hossein Hashemzadeh
Deputy Chief
Video Division
Media Bureau
