**ENGINEERING STATEMENT  
TECHNICAL EXHIBIT  
IN SUPPORT OF APPLICATION FOR LPTV CONSTRUCTION PERMIT**

**MINOR MODIFICATION TO CONSTRUCTION PERMIT**

**K43GZ, FCC ID #71624**

**FCC FILE NUMBER BPTTL-19980601MF**

**VENTANA TELEVISION, INC.**

**MINOR MODIFICATION TO CONSTRUCTION PERMIT.** The within application is filed as a minor modification to CP, seeking a change in transmitter location, ERP and antenna. Grade A contour overlap exists between the proposed and present locations of the facility.

**INTERFERENCE STUDY.** The following is submitted as an OET 69 Longley-Rice study exhibit for the above-captioned application.

- a. The stations which exhibit contour overlap or short spacing and thus must be studied are:
- | CALLSIGN AND LOCATION    | FCC FILE NUMBER | INTERFERENCE FROM PROPOSAL |
|--------------------------|-----------------|----------------------------|
| KAYU TV (28) Spokane, WA | BLCT-19941220KF | Less than 0.5%             |

- b. Accordingly, waiver of §74.705 as appropriate is requested.

**CANADIAN BORDER AREA STATEMENT.** Although the location of the within proposal is within 200 km of the United States border with Canada, no portion of the proposal's 19 dBu F(50, 10) interfering contour comes into contact with the border at any point. Accordingly, the application does not require coordination with the government of Canada.
