This engineering report is prepared on behalf of Tribune Denver Radio, Inc., licensee of FM station KKKH to amend a pending license application (FCC File No. BLH20020118AAT). FCC File No. BLH20020118AAT covers the granted construction permit FCC File No. BPH20010214ACA. FCC File No. BPH20010214ACA specifies several special operating conditions or restrictions. This amendment is to supplement engineering documents into the pending application in support of the special operating conditions or restrictions. Section III, No. 8, "Special Operating Conditions", are being revised. All other sections and numbers remain the same.
