Dear Licensee:

This is in reference to your application filed on July 6, 2012 requesting special temporary authority (STA) to operate TV station KSAT-TV, Channel 12, San Antonio, TX. You indicate that KSAT-TV desires to operate with the same facilities that are proposed in your pending application (BPCDT-20110224AAL) for construction permit.

After a thorough review of your technical specifications, we are persuaded that no interference is likely to occur from the proposed operation. We therefore conclude that the public interest would be served by the grant of this request. If problems do arise, we expect them to be solved expeditiously and the Bureau reserves the right to require the termination of the operation.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

In light of the above, special temporary authority IS GRANTED pursuant to Section 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on February 2, 2013.

Sincerely,

Kevin R. Harding
