

CONTINGENT APPLICATIONS NARRATIVE

Capstar TX Limited Partnership (“Clear Channel”) licensee of Station KOSO(FM), Patterson, California, and prospective assignee of Station KJDX(FM), Pollock Pines, California,¹ is simultaneously filing two contingent applications pursuant to Section 73.3517(e) of the Commission’s Rules. The first application proposes to delete Channel 227A at Pollock Pines, California,² and allot Channel 226B1 to Pollock Pines, California for use by KJDX. In order to allot Channel 226B1 to Pollock Pines, Clear Channel is filing an application that proposes to delete Channel 226B at Patterson, California and allot Channel 225A to Patterson, California for use by KOSO. Pursuant to Section 73.3517(a) of the Commission’s Rules, the KJDX application is contingent upon approval and consummation of the KJDX assignment application. The consent statement of Sierra Broadcasting Corporation, the current licensee of KJDX is attached hereto consenting to the filing of the said KJDX application. Further, because Clear Channel is the licensee of KOSO and the prospective assignee of KJDX, no agreement is necessary pursuant to Section 73.3517(e) of the Commission’s Rules.

¹ See BALH - 20071226AAS. The prospective assignee of KJDX is CC Licenses, LLC, which, like Capstar, is a subsidiary of Clear Channel Communications, Inc.

² The FCC has reallocated KJDX from Susanville to Pollock Pines, California. See BPH-20070226ABI.
