

EXHIBIT 12 – DISPLACEMENT APPLICATION

Vanguard Media LLC (“Vanguard”) submits this application in order to change the channel of its licensed translator facility K216CK, Truth or Consequences, NM (Facility ID 10919) from channel 216 to channel 229.

A construction permit for a new FM station (KLCF, Facility ID 175456) at Truth or Consequences New Mexico has been granted, which is co-channel to and situated at the same transmitter site as K216CK. In order to eliminate the potential for interference, a move to an alternate frequency is necessary, as the co-location of new station KLCF precludes operation on any of the three channels below or above channel 216..

Vanguard submits that it is not technically feasible to operate K216CK on its current channel 216. In order to continue to provide service to the community of Truth or Consequences, Vanguard has chosen channel 229. As a result of the channel change, a new site was chosen.
